Advance-Nilfisk Parts - Think about how tedious it would actually be to clean up your house right after having a big party, with out aid from cleaning machines. Back in the day, the time carpets and upholstery had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the best cleaning materials during that time.

The man who established Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After establishing his company in the year 1906, he began to make motors to drive drills, coffee grinders, fans and machine tools. Mr. Fisker's vision from the beginning was to have an international business marketing products globally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented an amazing, ground breaking vacuum cleaner that could be operated by a single individual for the reason that it just weighed 17.5 kilos! This creation came in a time where many cleaning machines were massive and needed at least 4 operators, hence, the Nilfisk C1 changed everything and developed the manner we clean forever. The genius behind these first cleaning equipment remains unparalleled. Cleaning equipment provide a brilliant solution to an existing crisis; stuff get dirty and have to be cleaned on a regular basis, without too much effort.

Gradually but steadily, Nilfisk-Advance expanded through the years. During the nineteen eighties, this expansion truly took place the time the business became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the business, aspiring to be among the leading international players in the market of professional cleaning machines. Nilfisk-Advance is now found in all parts of the globe by gradually acquiring many small companies to be able to expand their product range and presence in new markets. They are proud to provide various cleaning solutions to meet each and every need.
